Use this fun Scavenger Hunt list at the nearest mall! Bring as many digital cameras as you can. Divide into as many groups as you have cameras. Be sure you have one adult for each group. Set a time limit of about 20-30 minutes. Take pictures of your group being silly or cute in front of each item. Have each team meet back at the start when the time is up! If any team is not back in time remove one item found from their list for every minute they are late! The team with the most pictures of found items wins!
